

Rosenheim Window & Facade Conference

„Sustainable for the future“

October 9 + 10, 2024 in Rosenheim

Dear Window and Facade Experts,

The transformation of the economy towards greater sustainability and climate resilience is the key objective that we as the construction industry must set ourselves, even though today's crises may be more urgent.

But sustainability has long been more than a „nice-to-have“, having developed into a purchase criterion of importance for the market, and hence also a route out of the crisis. So the theme of the Rosenheim Window & Facade Conference 2024 is „Sustainable for the future“.

We look forward to seeing you in Rosenheim!

Yours

Prof. Jörn P. Lass,
Director of ift Rosenheim

Tuesday, October 8

Power-Workshop für Fensterbauer

German only: Der Workshop behandelt vier aktuelle Themen aus der täglichen Praxis des Fensterbaufachbetriebes. Die Kombination aus Vortrag, Fallbeispielen und die Diskussion mit dem Referenten gewährleisten einen hohen Praxisbezug.

Es erwarten Sie aktuelle Informationen, Tipps und Lösungen für Ihre tägliche Arbeit als Fensterbauer.

Die Teilnehmenden des Power-Workshops sind zu einem **Vorabend-treff ab 18.00 Uhr** eingeladen.

Press conference

The press conference will take place at 2.00 pm hybrid. If you have any questions, please contact benitz@ift-rosenheim.de.
